The background image shows a Nissan dealership with a large outdoor LED display. The display is divided into two sections: the left side shows a red car with the text 'DE NIEUWE MOKKA X', and the right side shows a white Nissan e-NV200 van with '100% elektrisch' branding. A large white circle with an orange border is centered over the display, containing the text 'OUTDOOR LED DISPLAY'. To the right of the circle, three orange dots are connected by a line, each corresponding to a feature listed next to it. The scene includes a white SUV in the foreground, a blue sky with clouds, and a blue-tinted right half of the image.

The image is a 4x6 grid of 24 photographs showcasing various outdoor LED display applications. Each photo depicts a different event or location where large-scale digital content is being presented to a public audience. The displays are mounted on metal truss structures and show a wide variety of content, from movie trailers and sports highlights to music performances and promotional graphics. The settings range from large festival grounds to urban public spaces.

FACTORY

An aerial night view of a city skyline. Several tall buildings are illuminated with bright blue vertical light strips, creating a striking contrast against the dark night sky. The buildings are clustered together, and the surrounding area shows some lower-level structures and streetlights. The overall scene is vibrant and modern.
